To

The Secretary to the Government of Mysore,

DEVELOPMENT DEPARTMENT, BANGALORE.

Sir,

Sub:- Disposal of A.D.C.Heating Chamber (Induction Furnace) to the Government Electric Factory, Bangalore.

I write to state that Government ~~Porcelain Factory~~ Porcelain Factory, Bangalore, purchased in the year 1943-44 one A.D.C. Heating Chamber in connection with the scheme for manufacture of A.D.C.Cells, at a cost of Rs.2,000/- The machinery was used only for two years as the scheme of the manufacture of A.DC. Cells was abandoned after two years. Since then the Heating Chamber was lying idle in the Factory. Depreciation has been provided on this machinery for two years at 5% and as such the book value of the machinery on this date is Rs.2,340/- As per instructions of my predecessor in office the same was transferred to Government Electric Factory, in January 1953 to find out the possibilities of making use of the heating chamber there. It has been reported by the General Manager, Government Electric Factory that after some modifications the machinery is found to be useful. In consultation with the Additional Director of Industries and Commerce it has been agreed to sell the furnace to the Govt. Electric Factory for Rs.1,000/- (Rs.One thousand only).

The loss involved in the transaction is not material as both the concerns are Government-owned.

I, therefore, request that orders of Government may kindly be obtained for the sale of the furnace to the Government Electric Factory as this item has been acquired out of capital grants.

Yours faithfully,

S. Muninanjappa

A Draft G.O. is proposed for approval.

2. In the PWD it is stated that the furnace, bought in 1943-44 for Rs 2000/- appreciated in book value to Rs 2,340/- after providing for depreciation at the rate of 5% for 2 years. After issue of the G.O., the Dir I&C. will be requested to clarify this discrepancy if approved by DSSin and take action as suggested in para 5 of the note.
